

Grant Application

The Human Resources Foundation is a publicly supported charity dedicated to enhancing and empowering the lives of individuals with disabilities throughout six counties in Northeast Pennsylvania - promoting inclusivity, diversity, accessibility, equity, and opportunity for all in our region. We offer annual grants for any amount up to \$5,000 to support community initiatives. If matching funds are secured, we can issue grants up to \$10,000. Grants are awarded to new and existing programs and services as well as special projects that serve and support the above goal.

Please review our Grant Guidelines on our Grants page before completing and submitting your application. All fields are required for consideration. Grant applications may be submitted at any time and will be reviewed quarterly by the Foundation's Board of Directors.
